Re: WC1923066-01

Dear Rob:

Another year of continued commitment to safety at Perry Construction Group results in the 13th consecutive credit experience modification factor. The record speaks for itself. Your consistent demands upon not only your employees but those of your subcontractors to maintain a loss free workplace is more evident than ever.

For your records, again I include a copy of Perry Construction Group's Workers Compensation Bureau Class History Display. If there is anything else this agency can assist you with in maintaining your loss free goals, let us know.

Sincerely,

David A. Wagner, CPCU, CIC, AAI, AIS
Vice President
